

## The Jaguar & The Moon: Bilingual edition translated by Thomas Merton

In *The Jaguar & The Moon* the social, cultural and political struggles of Central America are invested with the passion and eloquence of a primitive tradition. Like Cesar Vallejo, Pablo Antonio Cuadra has dedicated himself with passion to the frank expression, in Spanish, of the Indian within him. He has therefore joined the ranks of those who have created what is undoubtedly the finest and most authentically American poetry of Latin America.
