

## Under the Andes

[This is the Audiobook CASSETTE Library Edition in vinyl case.] Under the Andes is an intriguing precursor to Rex Stouts scores of marvelous Nero Wolfe mysteries. Desiree Le Mire ran into the cave, anxious to explore, tempted by the legends of Inca gold. Harry Lamar and his brother Paul had no choice but to follow. After all, they could not let the beautiful dancer enter the black depths alone. Others lived there, however, protecting the gold of their ancestors, others now misshapen after generations of living underground. That was why no one who entered the cave ever emerged into daylight. But no one who had entered was as beautiful as Desiree--or as determined as the Lamars.
