

A Captain of Industry Being the Story of a Civilized Man (Classic Reprint)

This little story was written nearly five years ago. The verdict upon it was that it was unpublishable, and so I put it away until I should be in position to publish it myself. Recently I read it over, and got an interesting vision of how the times have changed in five years. I put it away a revolutionary document; I took it out a quiet and rather obvious statement of generally accepted views. In reading the story, one should bear in mind that it was written before any of the literature of exposure had appeared; that its writer drew nothing from Mr. Steffens probing of political corruption, nor from Miss Tarbell sanalysis of the railroad rebate, nor fi-om Mr. Lawson sexpose of the inner life of Frenzied Finance.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
