

Vegas Baby

Crew Forrester is the ultimate Vegas playboy. Hes never played a card game he couldnt beat and never met a showgirl he couldnt bed. He plays by his own rules, and he plays to win. At twenty-four, hes on top of the world, basking in his bachelorhood one debauchorous night at a time, when an early morning knock on his door changes everything. Hes a daddy. He has a daughter. And hes never changed a diaper in his life. But just when hes getting a grip on this whole fatherhood thing, he meets Calypso, the intriguing lavender-and-patchouli-scented hippie in the apartment next door. She refuses to discuss her past, but Crew didnt win a dozen high stakes poker tournaments without learning a thing or two about reading people. Shes hiding something. But Calypsos not just a mystery, shes the ultimate jackpot. And Crews bet money before but never happiness. If he wants her, hell have to take the biggest gamble of his life. But having her for his own would be the ultimate win. **AUTHORS NOTE:** This is a standalone, full-length romance (~70k words) with a HEA.
