

## A Wicked Profit

This is a standalone story that can be read without reference to any other novel but it includes the main characters from *The Assassin*, *The Grey Man* and *The Surgeon* and *To Kill A Grey Man* by D C Stansfield. I need to speak with The Grey Man, said Gregov and watched the effect it had on the elegant man in front of him. I dont know who you are talking about, he blustered. The man who runs your bloody secret service and has done since before my time. I have something he will want. You are bluffing, said Sir Evelyn but did not call his dogs forward. What do you have? Gregov took a deep breath, London is going to be destroyed by a weapon of mass destruction. How do you know? Because, said Gregov. I sold the weapon. So starts the race to save London, led by an SAS major dishonourably discharged from the army, a young man still at university and three old men, an assassin, an intelligence expert and a breaker of men. If they fail, the world as we know it will cease to exist.
