

## Best of Fyodor Dostoevsky

Fyodor Dostoevsky, a Russian novelist, was born in November 11, 1821. Although Fyodor Dostoevsky was of Russian descent and his works primarily examine the lives of Russians in the nineteenth century, his works have left an indelible mark over Western literature and world literature. In addition to writing novels, Fyodor Dostoevsky also wrote essays and short stories. His most famous novels include *The Idiot*, *The Gambler*, *The Brothers Karamozov*, and *Crime and Punishment*. Fyodor Dostoevsky examined the mental interior of his characters. This psychological approach examined how social, spiritual and political forces might interact in the psyche of an individual. For Fyodor Dostoevsky, the important mover of his characters was ideologies and concepts whether they were meek Christians, destructive nihilists, dissipated libertines, or intense Pyrrhic rebels.
