

# The Price of Success (Mills & Boon Modern)

Owner of the Espiritu racing team, tycoon Marco de Cervantes thinks he knows exactly what's going on inside Sasha Flemings pretty little head. She's clearly not above using her wide-eyed beauty and tempting curves to become Espiritus first female racing driver. The infuriating thing is she's the best driver around! Marco's willing to reap any reward and off the track but he couldn't be more wrong about Sasha. Unlike the socialites that flock round him she has no interest in being a billionaire's trophy wife and she wills her body to prove this to him. But success always comes at a price! Maya Blake is definitely an author you need on your bookshelf! Tara, Marketer, London
