

Aftermarket (Jack Wells Mystery Series Book 1)

Jack Wells, residing in the small Northwest town of Chetwoot, figured that he had his share of problems. He is haunted each night by a recurring nightmare of his dead wife; his one-man consulting business is drying up in the recession; he cannot collect for a job that took six months work; he has an underwater mortgage; his savings are dwindling with every bill; his lawn is being killed by a freak drought; and he cannot walk out the front door of his house without being harassed by the determined matchmaking of his neighbors wife. When Bicycle Eddy, the mentally impaired town character, disappears, Maggie, the peppery owner of the local cafe, is dissatisfied with the efforts of the town police and bullies Jack into searching for him. Jack starts his search as an intellectual exercise believing that Eddy simply wandered off. He soon finds that cold-blooded murder also resides in seemingly idyllic Chetwoot.
