

## Big Cat Diary: Leopard

These beautiful books are companion volumes to the popular Animal Planet television series, Big Cat Diaries, which explores the history, biology, behavior, conservation, and survival of big cats inside and outside Kenya's 600-square-mile Masai Mara Game Reserve. With their stunning color photographs and fascinating, first-hand narration, these companion books offer a rare insight into the lives of these magnificent animals. Presenter, author, and photographer Jonathan Scott has written about the Mara cats for over 25 years; his books include Mara-Serengeti and Kingdom of Lions. Angie Scott, born and raised in Africa, is an award-winning wildlife photographer.
