

## Woman with a Secret: A Novel

Published in the UK as *The Telling* ErrorLisa Gardner calls it mesmerizing. Liane Moriarty says its unpredictable, unputdownable, and unlike anything youve read before. See for yourself what these #1 New York Times bestselling authors are talking about. Shes a wife. Shes a mother. She isnt who you think she is. Nicki Clements has secrets, just like anybody else secrets she keeps from her children, from her husband, from everyone who knows her. Secrets she shares with only one person: A stranger shes never seen. A person whose voice shes never heard. And then Nicki is arrested for murder. The murder of a man she doesnt know. As a pair of husband-and-wife detectives investigate her every word, and as the media circle like sharks, all Nickis secrets are laid bare illusions and deceptions that she has kept up for years. And even the truth might not be enough to save her. For although Nicki isnt guilty of homicide, shes far from innocent. . . . For fans of *The Girl on the Train*, *Gone Girl*, and the best of Hitchcock comes an extraordinary thriller and an extraordinarily unreliable narrator from an author whose work has been described by Tana French as like watching a nightmare come to life.
