

Support Your Local Wizard (So You Want to Be a Wizard, Deep Wizardry, & High Wizardry)

It was sheer chance that Nita Callahan came across *So You Want to Be a Wizard*. She was in the nonfiction section of the childrens library, hiding from bullies, when the title caught her eye... soon after when she met young Kit, he too had a copy of the book. And so they joined forces- two fledgling wizards with the power to open world-gates to adventure... In *So You Want to Be a Wizard*, Nita and Kit visit an alternate Manhattan where sentient taxis prowl the streets. But they attract the attention of a dark power there, and then, forced to reach out for help, accidentally summon a white hole that returns to their own world with them. The white hole (his real name is unpronounceable, so they call him Fred) bears an urgent message: the ultimate volume of wizardry- the *Book of Night With Moon*- has disappeared. Unless its found, the Lone Power may claim all the alternate worlds for his own. So its up to them to rescue the Book. or at least give it their best shot. In *Deep Wizardry*, Nita and Kit aid a beached wounded whale wizard named Sreee- and find themselves faced with danger on a cosmic scale. The venerable cetacean heeds their aid against the Lone Power, for at this point in spacetime, whales are the guardians who keep the evil one imprisoned on a mountain rising out of the ocean depths. Now, however, the Lone Power is threatening to break free once more. And only a wizard willing to make the supreme sacrifice can hope to stop him. In *High Wizardry*, Nitas younger sister, Dairine, stumbles into a sorcerous adventure of her own via a computer that has a software version of the book on wizardry- and more than enough power to get a neophyte magician started. But when Dairine leaves Earth for her personal Ordeal- the rite of passage all new wizards undergo- she embarks on a worlds jumping odyssey that leads to more excitement than she ever anticipated. and more danger than shes

ready for. Because the Lone Power and his minions are in deadly pursuit!
